

Project Notification

Regina Ave & Sims Ave: Tillicum Rd to Wascana St

Construction Update - February 13, 2020

What's happening?

Saanich will be replacing water, sanitary and storm mains and services on Regina Ave & Sims Ave from Tillicum Rd to Wascana St. We will also be doing full-width asphalt overlay. This construction project will be performed by Windley Contracting Ltd.

Why are we doing this?

These underground utility replacements are part of our annual upgrade program to remove aging infrastructure and increase capacity to our current standards.

Project Timeline

Construction will be starting at Sims Ave during the week of March 2 and is scheduled for completion by the end of July. Regina Ave construction is scheduled to start mid-June and be complete by the end of October.

Project Location

Construction Impacts

During construction, vehicle access will be restricted to local traffic only. Parking on-street and on the boulevards will also be restricted in the construction area during working hours. Traffic control personnel and signage will be in-place to help direct vehicles, cyclists and pedestrians through and around the work area.

Some driveways will be inaccessible for a short period of time. Windley Contracting will notify affected properties in advance of these times and try to accommodate any access concerns.

Disruption to water services in the area will occur during construction. Residents will be notified a minimum of 24 hours prior to any planned water shut-offs.

Garbage and recycling services will be maintained.
